## STATE RESTS IN THE PRICE CASE

Closes Evidence This Afternoon and  
Murdered Tenant's Wife is  
Called First by Defense.

SHE BREAKS DOWN ON STAND

Brave Until Husband's Clothes Are  
Exhibited—School Lad, Witness  
to Shooting, Testifies.

The State in the case of Zachariah Price of Jennings county, brother of Will Price of this city, who is charged with the murder of his farm tenant, Fletcher Cook, closed its case in the Decatur circuit court at Greensburg this afternoon at two-thirty o'clock. Mrs. Cook, widow of the murdered man, was the first witness called to the stand by the defense.

Mrs. Cook's testimony was practically the same as that given late yesterday afternoon and this morning, when she was placed on the stand by the State. William Campbell, a near neighbor of Cook's was the next witness to be examined after Mrs. Cook this afternoon.

Gus Presso, the nearest neighbor, and the first man to reach the scene of the tragedy, was the only important witness on the stand this morning. He was called by the State. He described the incidents of the eventful morning and told of Mrs. Cook's fainting. He was holding an umbrella over Cook's prostrate form when she fell.

The remainder of the witnesses of the morning were of little importance, only in that they all testified they examined Cook's clothing and found no weapon, except a pocket knife which was closed.

The school lad and Mrs. Cook were the only persons who saw the shooting. Mrs. Cook was placed on the stand late yesterday afternoon and graphically told the story of the shooting, about as it has already been printed. Mrs. Cook was brave until the clothes her husband wore when he was shot were exhibited; then she broke down completely and the examination had to be stopped for a brief period. She finished her testimony this morning.

A 14-year-old school boy told the story of the shooting of Fletcher Cook to a crowd that filled the court room yesterday afternoon. In his artless way, the lad related the brief narrative from the time that Price entered the Cook barn lot until he left, leaving a dying man on the ground and a distracted widow shrieking out her grief over the prostrate body.

Willie Campbell, witness for the State followed John Donnell, sheriff of Jennings county, who told of his trip to the price farm on the morning of the tragedy and of his meeting Price on the roadway. He said that he called to Price to stop, but that his command was not heeded. He then returned to North Vernon and found the defendant in a lawyer's office whither he had gone after the shooting. When the sheriff went into the lawyer's office, Price gave himself into the custody of the sheriff.

Willie Campbell testified that he went to the school house at 7:25 that morning to build a fire and sweep the room. The school house is situated across the road from the Cook home. He said he saw a buggy drive into the barn lot and a little later he saw Cook run out of the barn. He was followed by Price who fired a shot at him. Cook fell forward on his face and Price advanced a step and fired three more shots at the prostrate man.

Young Campbell described the scene that followed. Mrs. Cook came

## DIGGING TWO NEW WELLS

City Contracts in Order to Replenish  
Water Supply.

The city is to build a well in the vicinity of the Arthur street well now being used, and which is said to be furnishing more water than all the rest combined. It is planned to sink a pump in the new well to be dug and force the water up. All of the other wells in the city are too small to hold a pump. A well is being dug on the Powell farm northwest of the city, also.

## KNEW ALLEN CLAN DOWN IN VIRGINIA

Frank Brooks Was Intimately Ac-  
quainted With Mountain Outlaws  
Who Cleaned Out a Court.

CARTHAGE MAN LIVED THERE

Frank Brooks of Carthage is well acquainted with the famous Allen family, members of which murdered the judge, State's attorney, the clerk, sheriff, one juror, a spectator, and wounded several others when a member of their clan was placed on trial at Hillsville, Virginia. Mr. Brooks was born and reared in southeastern Virginia and for years operated a ferry on New river between Max Meadows and Mt. Airy.

At that time the Allens were farmers and tobacco growers and in good circumstances. Mr. Brooks says that apparently they were pleasant people. But like all mountaineers, they were hot headed and quick to take revenge for real or fancied wrongs. They always carried guns on public days. Mr. Brooks kept a wagon yard at the Jackson Ferry, and says that Sidna and Jack Allen have many times remained over night with him.

## MORE SCHOOL KIDS MEANS MORE MONEY

Enumerators Urge Parents to See  
That Children Are Counted—  
Each Worth \$3.

INCREASES THE SCHOOL FUND

The school enumerators, whose duty it is to obtain the names of every girl and boy in the city between the ages of six and twenty-one years, have started on their work. This year the work is in charge of Allen R. Holden, a member of the city school board and his daughter, Miss Laura.

For every boy and girl of school age in the city who is listed by the enumerators, \$3 will be placed in the State school fund to the credit of the public schools in this city. On the enumeration is based the city's apportionment of the State school fund.

For this reason, it is urged that every parent see that their children are counted in the enumeration. Every child means three dollars more for the Rushville schools, as it will increase the local allowance that much. The remainder of the expense of the public schools is paid by local taxation.

Mrs. Jabez Smith desires to thank the members of the Main Street Christian church for the beautiful floral offering Easter. She is in very poor health.

## TO PAY OFF DEBT ON THE COLISEUM

Rush County Chautauqua Association  
Plans to Give Two Concerts  
There in May.

"YE OLD FOLKS KONCERT"

Carl Morris, New York Baritone, Will  
Give Program Alone—Former  
Local Boy.

Two concerts will be given under the auspices of the Rush County Chautauqua Association in May to assist in paying off the debt on the coliseum which was erected last summer to house the annual assembly. The concerts will be given in the coliseum.

The first one will be another "Ye Old Folks Koncert" under the direction of J. Walter Wilson and will be given some time the first of the month. The first one was given last fall for the same purpose, and was a decided success. It was a home-talent affair, as this one will be.

The second concert will be by Carl Morris, the former Rush county man who won almost instantaneous success as a baritone soloist in New York City. Mr. Morris has an engagement to sing at the Richmond May festival, and while in Indiana, he will come back to his old home to sing. Carl sang at the chautauqua once, and his marvelous voice was highly appreciated.

The preparation for the home-talent event will be started soon. It is expected to be a much greater success than the first one, which attracted a crowd that almost filled the large coliseum. It will be remembered the singers were all in costumes according to the age they represented, and the coming one will be conducted along the same lines.

It is doubtless the case that most Rushville and Rush county people will hear with delight that Carl Morris is to return here for an engagement. He has never given a complete concert in his boyhood home since he has won so many triumphs in New York. Local people have read much of him and have been anxious to hear him in a full concert. Mr. Morris is expected to attract a large crowd.

It is calculated that the month of May will furnish ideal weather to hold entertainments in the coliseum. There is still a small debt hanging over the building and the association hopes to pay it off before the next annual assembly.

## W. H. CLARK WELL RECEIVED

Former Local Pastor Preaches at  
First Presbyterian Church.

Services preparatory to communion services next Sunday were held at the First Presbyterian church Thursday evening. The Rev. W. H. Clark, pastor of the First Presbyterian church of Connersville, formerly of this city, preached the sermon—a plain, practical and logical discussion of man's poverty in giving to God compared with God's unlimited wealth in giving gifts to man. The Rev. Clark is very popular here and was given an enthusiastic reception. There were two additions to the church at the close of the service. Dr. V. W. Tevis will preach the sermon tonight at 7:30 o'clock.

Word has been received here that a girl has been born to the wife of David Kiser of St. Louis. Mrs. Kiser is the daughter of A. B. Irvin.

## SUNDAY WILL BE GRAND OPENING

Preliminary to Men and Religion  
Forward Movement Campaign  
Scheduled to Come Then.

MEN'S AND WOMEN'S MEETING

Campaign Proper Begins Wednesday,  
With Two Meetings a Day For  
Three Days.

Sunday will see the preliminary in the Men and Religion Forward Movement campaign, preparation for which has been made here for several months. The campaign is expected to result in much good. There will be a special meeting for men and a special meeting for women Sunday night. The campaign proper will begin Wednesday and will continue until Friday.

A meeting of all the general committees will be held at the Main Street Christian church this evening at seven o'clock. All others interested in the movement are urged to attend.

It was decided by the executive committee of the movement to hold a meeting for men on the Sunday night previous to the beginning of the campaign. After arrangements were made for this meeting it was suggested that a union mass meeting for women and girls be arranged also. This was done.

The women's meeting will be held at the St. Paul M. E. church Sunday evening. It will be addressed by Mrs. John E. Higdon of Indianapolis. Miss Higdon is acquainted with many women in Rushville, as she spoke here once before on missions before a body of women at the Methodist church. Some special music will be arranged for this meeting, and Mrs. Alex Posey will be in charge. Mrs. F. G. Hackleman will preside. Mrs. C. M. Yocum will make the opening prayer and Mrs. Robert L. Innis will read the scripture.

The men's mass meeting will be addressed by Charles F. Remy, an attorney of Indianapolis. Mr. Remy was a big factor in the campaign of the Men and Religion Forward Movement in Indianapolis and it is very probable he will have some helpful and interesting things for the men of Rushville. C. A. Goddard, who was expected to come will not be able to.

The campaign proper will begin Wednesday afternoon, when the address will be delivered by F. A. Crosby, who has charge of the boys' work in the Chicago Y. M. C. A.. Of course, he will discuss the boy feature of the movement and it is calculated that he can give many helpful suggestions since he has been engaged in the practical work for years. He will speak on the same topic at night. This meeting, as will all of the gatherings of the campaign will be held at the First Presbyterian church, corner of Third and Morgan streets. This was deemed the best church because it is nearest the business center of the city.

Thursday afternoon the Rev. Harry G. Hill of Indianapolis, who is well known here, will speak on social service. Thursday night the Rev. E. L. Williams of Indianapolis will speak on missions.

Dr. F. E. Taylor, a Baptist minister of Indianapolis, who is gifted with rare powers as a speaker, and who has participated in several campaigns in large cities and is familiar with the methods which should be used, will be the speaker at both meetings Friday. At one he will discuss evangelism, and at the other, Bible study.

Several committees have been at work gathering statistics concerning phases of the movement. Each church

has had committees at work gathering facts which are to be used in the campaign. The boys' committee has gathered some astounding facts concerning Rushville boys, where and how they spend their time, and how they are employed. All of the chairmen have their reports ready, it is said.

Open conferences are planned for each afternoon, following the regular address. It is hoped to arrange for some noonday luncheons for the workers on the particular phase which is discussed on that particular day.

## WILL NOT HOLD A STATE MEETING

Grand Officers of Uniform Rank, K.  
of P. Decide to Postpone  
it a Year.

NO NATIONAL ENCAMPMENT

Officers of the Indiana brigade of the Uniform Rank, Knights of Pythias, conferred in Indianapolis this week concerning the advisability of holding a State encampment of the Uniform Rank in Indiana this year. After the situation had been canvassed Brigadier-General William P. Gray announced that he had decided that the encampment should not be held in Indiana this year, but that there would be a State encampment next year. It was decided recently not to hold a national encampment, either.

Several cities are asking that the encampment be assigned to them, but the place of holding it next year will not be announced until later. Officers in consultation with Brigadier-General Gray were Grand Chancellor W. P. Hart of Huntington, Colonel Edward Bly of Delphi, and Colonel A. C. Phelps of Newcastle.

## IS MENTIONED FOR SIXTH NOMINATION

Burton F. Swain of Shelbyville Boost  
Him For Republican Congress-  
man in This District.

WATSON TALK IS DYING OUT

Friends of Burton F. Swain of Shelbyville, are talking about him as a candidate for the Republican nomination for congress in the Sixth district, says the Indianapolis News. Mr. Swain is a wealthy lumberman, and for years has been prominent in Sixth district politics. Charles H. Campbell of Shelbyville is one of his leading boosters, and he says that Swain would make a strong candidate.

The talk about the nomination of James E. Watson of Rushville for congress, appears to be dying out, and it is said that some of the Republicans who might have supported Watson for the nomination are taking up Swain as their man.

GOING TO NEW YORK.

Walter Frazee of Louisville, Ky., son of Mr. and Mrs. John H. Frazee of this city, will leave Monday for New York City, where he will represent the State of Kentucky at the Men and Religion Forward meeting.

## PICK LOCATION FOR PARK TREES

D. A. R. Representative and Park  
Committee Chairman of Council  
Arrange For Planting.

177 WILL BE SET OUT SOON

Society Raising Fund to Pay the Ex-  
penses of Beautifying—Benefit  
Show Again Tonight.

Work was started last evening on setting out the trees in the city park, which is a part of the plan to beautify this plat of ground. The trees are donated and set out by the local chapter of the Daughters of the American Revolution.

Last evening the location for the trees was selected by A. L. Gary, who represented the D. A. R., Mrs. Gary being regent of the local chapter, and Dr. C. H. Parsons, chairman of the park committee of the city council. Stakes were stuck in the ground where the trees will be set. One hundred and seventy-seven trees, natural to this climate, will be planted.

The trees will be planted in no regular order. This is said to be in accordance with the order which is observed by park architects. At one time, it is understood, it was considered more artistic to plant trees in some regular manner, as in circles or in straight rows, but now the best approved method is to make them appear as natural as possible.

The D. A. R.'s have expected to plant the trees in clusters and in bunches, following no regular order, with one exception. They had planned to plant a row along the western edge of the park. That plan has been changed, however, and it was decided to observe no regularity in planting the trees.

It is to raise a fund to pay for these trees that the D. A. R.'s have charge of the two shows at the Portola theater this week. The motion picture show at this theater last night was for the benefit of this fund, and the show tonight will be, also. The D. A. R.'s are to have fifty per cent of all the money they receive for the tickets. They get no per cent for tickets sold at the ticket office, and for that reason they are bending every effort to make a large ticket sale.

That they had been successful was evidenced last night, when people were turned away from the Portola. The theater was crowded and jammed with people for every show.

The members of the Rushville chapter were very much pleased with the program last night, and they wish the public to know they think the photoplays were very dignified and appropriate for the occasion. The motion picture of Niagara Falls was especially noteworthy.

## W. A. CULLEN SERIOUSLY ILL

Dr. and Mrs. J. C. Sexton Leave For  
His Bedside.

Dr. and Mrs. J. C. Sexton left this afternoon for the bedside of her father, Judge W. A. Cullen in Jacksonville, Florida. A telegram was received this morning that Mr. Cullen was taken seriously ill in Jacksonville while enroute home. Mr. and Mrs. Cullen and a trained nurse have been in St. Petersburg for the past month for the benefit of his health. They left St. Petersburg yesterday, starting for this city and had reached Jacksonville, where he was taken ill.

## INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Director of Evening Department, The Moody Bible Institute of Chicago.)

LESSON FOR APRIL 14.

THE USE OF THE SABBATH.

LESSON TEXT—Mark 2:23 to 3:6.  
GOLDEN TEXT—"The Sabbath was made for man and not man for the Sabbath."—Mark 2:27.

That the Christian Sabbath is to be a boon and not to be a burden is the gist of the teaching of Jesus upon that subject. For what is the Sabbath set aside and to what use shall we put the time thus set aside, are and have been through the years very live questions. That God had sociological, physical reasons for setting aside one day in seven as a day of rest and recreation has led some to advocate what we know as a "Continental Sunday"—one given over to pleasure, games, sports, auto rides, drives, etc., and an over emphasis upon the fact that God meant us not only to rest but also that he "hallowed it," has given us the Puritanical observance that is akin to a worship of this seventh day. Which is right?

As we study these two incidents in

the life of our Lord, the plucking of the grain and the healing of the withered hand, both of which occurred upon the Sabbath, we can surely find guidance as to what shall be our observance of this day.

Let us look at the first. Passing through the field the hungry disciples plucked some of the ripened grain, and sifting it in their hands, they ate it to supply their hunger. Mind, there was no reaping and gathering into barns for the profit of the owner, but simply the gathering of sufficient to relieve the needs of the moment.

How Jesus Spent Sabbath.

Passing on, Jesus enters the synagogue and there found a man having a withered hand. Again the ever watchful Pharisees observed him "that they might accuse him." Jesus, knowing their growing antagonism, their attitude of distrust, takes advantage of the helplessness of the man to teach these Pharisees the lesson of obedience—yes for once in scorn he rebukes them; anger and grief struggled in the heart of Jesus as he commands the sick man to stretch forth his hand, and with the command went power so that the man stretched forth his hand restored to its full strength and usefulness.

Is it not sufficient that sin makes strange bed fellows, as for instance, the Pharisees consorting with the Herodians, two parties as opposite as possible and bitter in their antagonism, taking counsel how they may destroy this young Galilean. The fact was the disciples had violated no law of God, but an ordinance of man.

What irony of Jesus' tones as he asked them "did ye never read?" The

complaint of a Puritan Sabbath was never raised by one who has a loving familiarity with the Word of God—God gave us the Sabbath, it did not come by accident.

God will surely reckon with those corporations and individuals who demand, as shown by the social surveys of some of the steel towns, for illustration, seven days labor each week, or who in their individual lives are so engrossed in business and in pleasure as to deaden and starve their souls, which are all the time crying out for God.

Jesus' anger was at the hardness, and his compassion for this hardness of the hearts of the Pharisees. Let us avoid the wrath and be subject to the compassionate pity of God. Last Sunday we studied the resurrection of our Lord. Let us remember that the Christian Sabbath is a weekly reminder of that great fact.

Principles Make Christians.

Rules make Pharisees, principles make Christians. It is not, "thus saith the priest or the council," that is to govern our actions, for that method has always served to deaden our conscience, hence it is that Jesus said, I desire not sacrifice but mercy. My kingdom is not to become a burden; I came to free men from the burden of ceremonial observance. I desire mercy, therefore, if whenever the opportunity comes for you to exercise the principles of true religion, to visit the sick, to relieve the widows and the fatherless, to relieve human need, to direct men's thoughts to me in worship, if it be Sunday or not, you ought to do it in glad recognition that the Son of Man came not to be ministered unto but to minister. Church

members will have a good deal to answer for in lending support to open shops, and extra labor upon transportation facilities on the Sabbath day.

Weston never walks on Sunday. Wilbur Wright will not fly upon Sunday. Not all Sunday labor is Sabbath breaking, but let us beware we do not dull a keen conscience upon one hand, or on the other hand hinder our usefulness by conforming our acts to unnecessary standards, not demanded nor authorized by Christ. The president of Cornell university has said: "The observance of Sunday is the temporal sign that man belongs not only to time but to eternity. Let us observe it as a day of physical rest. Christ transformed the Sabbath."

TOPIC FOR APRIL 14.

How Can We Enrich Our Sabbaths?—Mark 2:23-28; 3:1-6.

The only way to get dividends is to make an investment. If we would get more from our Sabbaths we should put more into them.

A rich Sabbath does not happen by accident. It must be planned beforehand.

Long faces do not mean a rich Sabbath. I sincerely pity the man or woman to whom Sabbath keeping is an irksome duty.

We can enrich our Sabbaths by worship. A week of work demands something besides physical rest. The man who is too tired to go to church on Sunday is not always the most successful for the other six days.

We can enrich our Sabbaths by rest and meditation. The day should never be so full that we cannot take a little time for refreshment of the inner life.

We can enrich our Sabbaths by enriching those of other people. Is there a hospital or charitable institution in your community? You can make no better investment than an hour or two of ministry there. Take a flower and a cheerful message to some sick person, and in doing it you will brighten your own day. A few hymns sung at the home of some shut-in will help fill your own life with song. An hour spent with the boys and girls of a junior society or a missionary Sunday school will give you new appreciation of the blessings of unselfish service.

## Cascarets Insure Inside Cleanliness

Tre Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Stomach.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## Time to Sweep.

The time is rapidly approaching when each property owner and renter in the city will be seeking to commence the general "housecleaning" inside the residence as well as out. Front yards will be cleaned and trimmed up, flowers will be set out and back yards and alleys will be raked and scraped and put into condition for the summer.

Each year in the past it has been necessary for the newspapers, clubs, and civic organizations to advise and readvise, to implore and beseech the good people of Rushville to get busy along this line. All of them do not need instruction, of course, but there are a good many of us who are too busy or too absent minded to do all that we should to make Rushville a beautiful city.

And it is not altogether the absence of rubbish which makes things attractive. Cleanliness is, of course, essential to beauty but it is not synonymous with it.

The setting out of flowers, fruit and shade trees, shrubs and blooming plants will add greatly to the attractiveness of any laws. Of course, we all know this but we are inclined to forget it sometimes. Flower seed is very cheap, shade trees do not cost a great deal and are a valuable asset to a property, while fruit trees—well everyone knows what they are good for.

A small outlay of time and money will work wonders. Do not wait until some one comes along with a tone of authority to tell you what you must do and what you ought to do.

The Richmond Item professes surprise because the New York Sun expresses doubt about the advisability of renominating President Taft, says the Marion Chronicle. The significance of the Sun's position is not as completely lost upon the Item as it pretends. The Sun speaks for J. Pierpont Morgan, but not more definitely so than the management of the United Motors company, also con-

trolled by Mr. Morgan, when it was closed on the day of the election of delegates to the State and district presidential preference conventions, and its employees, both Republicans and Democrats, were marched to the polls to vote against Taft delegates. The Morgan interests and the criminal trusts generally are against Taft. They are, of course, not for Roosevelt, except in so far as his candidacy can be used to break down Taft. Mr. Perkins, Mr. Hanna, and the other representatives of the prosecuted trusts and combines are simply for anything to punish the administration which has enforced the law against them and made industrial brigandage dangerous. The expression of the Sun is indeed significant, but not in the direction indicated by the Item, which has been so conspicuous in the campaign to beat a president who failed to meet expectations by using the trust laws to reward his friends and punish his enemies.

A couple of Democratic papers in the district are booming "Jack" Ross of Andersonville, for congress, says the Connorsville News. Are they tired of Finly? Mr. Ross is all right and thoroughly capable but when he gets ready to run for congress, if he does, he will probably so inform the Republican press of the district.

Colonel Roosevelt denounces the activity of federal officeholders and the use of steam roller methods by the administration in the election of national delegates in Kentucky. It is fair to the Colonel to say that his remarks are intended to apply to 1912 and not to 1908.

Preservation of our forests has been considered a fad of theorists, but if the forests had not been cut, 30,000 homeless people in the flooded districts would be sleeping peacefully in their beds tonight, instead of having to ask shelter.

Great difficulties are encountered by the photographers in getting flood pictures, but we judge that many camera men encountered nothing worse than the dust on last year's plates.

The Democratic theory of handling trusts is to let the States do it, but never yet was any problem successfully tackled when 48 different schemes of doing it were tried on at the same time.

All these strikes may be quite valuable to the manufacturers as a means of persuading the public that they have got to pay higher prices.

## Editorialettes.

The Rev. Mr. Hicks has hit it so far this month about as well as this Colyum would if it had been doing it.

For three days now the weather bureau has been predicting "probable showers." Knock on the nearest piece of wood. Your head will do—if nothing else is handy.

We are starting this Colyum today without any ideas. However that will not affect the Colyum much.

Every so often the editor of the Newcastle Times preaches a sermon editorial on running a newspaper. We hope they are all being read very carefully.

The Kokomo Tribune, without which this Colyum would be in a very bad way, points out that Harry Haynes, the legless postmaster of Patterson, Ohio, is short.

There are still a few people who eat greens. Down on all fours and eating the green grass like our prehistoric ancestors, would be almost as enjoyable, so it strikes us.

But everybody to their own liking. There are some who drink sassafras tea—even yet.

We hope you will recognize the weather this Colyum is getting for you.

## WOULD INSURE PURE WATER FOR PUBLIC

H. E. Barnard, Health Board Chemist, Sends Letter to Water Works Superintendents.

### ASKS THEIR CO-OPERATION

H. E. Barnard, chief chemist for the State board of health, has issued a circular letter to the superintendents of the water works plant of the State, calling attention to recent improvements in the water laboratory under his direction, and asking that the superintendents co-operate with the State board in the board's efforts to insure pure water through public supplies. The laboratory has recently been equipped with an emergency hypochlorite of lime plant, which will be lent whenever the occasion warrants for testing and other purposes. Mr. Barnard sets out in the letter that the laboratory desired to make at least four tests a year of water from all public supply sources in the State.

"The necessity for a rigid control of the quality of water furnished the consumer is well understood by those who have to do with supplies," wrote Mr. Barnard. "While there are some deep well supplies so located that pollution of the wells themselves is not possible, yet from time to time it is found that there is trouble at the reservoir or elsewhere in the system, and that the quality of the water is not satisfactory. This is much more frequently the case with surface water supplies, whether they are derived from a river or lake or impounded rainfall. No surface water is free from the danger of pollution and it is this class of supplies that can be served most advantageously by the State laboratories."

## STATE RESTS IN THE PRICE CASE

Continued from page one.

out of the house screaming and when she saw her husband lying in the mud she ran back into the house. Presently she reappeared with a gun. Price ordered her back with the threat that he would shoot her. The woman obeyed. The witness said that Mrs. Cook continued to scream after she re-entered the house.

Campbell testified further that when an attempt was made to turn Cook over, Price made a move to shoot him again when some one wrested the gun from him.

Young Campbell, beside himself with fright, tore a screen from a window, leaped through the aperture, and ran across fields for his home. He said he wanted to get home to tell the story.

On cross examination, young Campbell stuck to his story. He said that the weapon used by Price looked to him like a shotgun. He described the manner in which Price placed it against his shoulder, and with muzzle pointed down, how he had fired it three times at Cook, who lay in the mud.

Emerson Ryam told of having seen Price and his nephew drive on the morning of the murder toward the Cook home, and later return.

Emory Perdue was the last witness before noon. He is a raw-boned North Carolinian. He knew Cook before either of them had left North Carolina. Their wives were cousins. He had been present when the contract of rental had been made between Cook and Price. He had helped Cook in his farm work. He had been present when Price charged Cook with stealing corn. Also he had heard Price and Cook talk in Butlerville on the Saturday evening before the murder.

In Perdue's cross examination attorneys for the defense tried to show that Cook had been guilty of stealing corn. They made but little headway in upsetting the State's case.

As soon as Attorney Harry Maloy had finished making the statement of what the defense expected to prove, the State began the introduction of its evidence. Most of yesterday morning was taken up with opening statements of the attorneys.

Dr. Charles P. McFarland, the first witness, was the physician who waited on Cook. His testimony proved that there were three wounds all in the back.

Dr. M. F. Gabiner testified to the nature of the wounds. Two of these wounds, he said, were necessarily fatal.

Edward Marine, a general merchant at Butlerville, testified that Cook had come to him on the evening of Saturday before the murder and asked for legal advice.

Marine's testimony was important in that it contradicted in a measure the defense as outlined in the opening statement to the effect Cook would not surrender certain furniture and that Price had knowledge of this intention. Marine said that Cook said he would give the furniture up and that he told Price what Cook had said. Marine said he told Price: "Well, don't have any trouble about it, Price, for Cook's a poor guy, and there is nothing worth having trouble over."

Price's attorneys tried to block the admission of most of Marine's testimony, but failed to do so, Judge Wickens overruling them at almost every point.

Roy Swartwout testified that he was a hardware dealer in Butlerville and that late in November he had sold Price a revolver.

### WOULD BAR ROAD SCRAPERS

The road scraper is to be barred from the highways of Hancock county if a movement now under way is successful. The objection to the road scraper, or the manner in which it is used, is that it drags the stone, sand and mud into the center of the road, making the bed rough, and leaves a trench, along the roadbed that retains water. The road drag is favored.

## TO BUILD SCHOOL HOUSE

Orange Township Board of Education Condemns Old One.

The Orange township board of education, which is composed of the trustee and advisory board, met yesterday and condemned the Orange township school house. They are now making plans for a new building. The contract will be let and the building erected as soon as possible. The building is comparatively new, it having been built only seven years ago.

### CARTER BEAT GREEN.

Ed Carter defeated Art Green of Greensburg last night in a match pool contest, 100 to 92. Green is considered the pool wizzard of Greensburg and Carter's victory ranks him as one of the best players in the State. The game was very close throughout. Next week Arvil Murray of South Bend and Green will play a match game at the Arcade.

### EFFECT ORGANIZATION.

Church men of Carthage have effected a local organization of the Men and Religion Forward Movement and expects to push it strenuously. A campaign will be conducted there, as will be done here. It will be remembered local speakers held meetings there.

## War Waged on Out-of-Date Kitchens!

The most important room in every well regulated home, is the room where food is prepared—the kitchen. If there is a place in your kitchen for everything, and everything is kept in its place, the great danger from your food coming in contact with germs of all kinds is practically wiped out.

This store has waged war on out-of-date kitchens and has prepared for your special benefit, a display of the world famous Hoosier Cabinets,—the cabinet that saves miles of steps daily for the tired wife.

the cabinet that enables you to prepare an entire meal while sitting down,—the cabinet that is insect-proof, mouse-proof and absolutely sanitary.

The health of your entire family depends on good, wholesome, clean, pure food, and the one equipment you need to insure this safety, is a model, sanitary Hoosier Cabinet. Now, above all times, is your opportunity to have this great Hoosier Cabinet in the easy way of the Hoosier Club Plan.

Now Commencing tomorrow, 25 ladies of Rushville, (no more) can join the Hoosier Club, and have one of these famous cabinets delivered immediately by paying \$1.00 membership. Balance in weekly dues of \$1.00

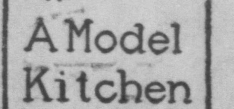

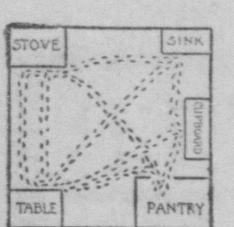

### Remember, You Get the Lowest Price

The low price of the famous Hoosier Cabinet is a fixed standard price, established everywhere by The Hoosier Mfg. Co., to give every woman full benefit of the low cost of manufacture. No Hoosier agent can raise or lower this price one penny, so during this great club sale of Hoosier Cabinets, under direct supervision of the Hoosier Mfg. Co., you get the club terms (explained below) without paying one penny more than the low standard price established.

### A Community of Model Kitchens

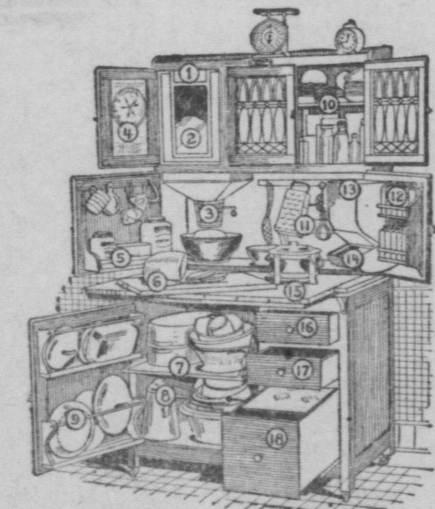

Hoosier Clubs are being organized all over America in nearly every city and town. The whole country, like this town is rapidly becoming a community of model kitchens.

### A Kitchen Story

Here in Rushville you can scarcely name a street that does not contain one or more houses equipped with model Hoosier kitchens.

- 1 Flour bin
- 2 Removable glass front
- 3 Sanitary, detachable flour sifter
- 4 Dial faced want list
- 5 Tea, coffee and salt crystal glass jars
- 6 Cutting board
- 7 Sliding Shelf
- 8 Roomy pot cupboard
- 9 Sanitary pan racks
- 10 Big cupboard, easy to reach
- 11 Rolling pin rack
- 12 Crystal glass spice jars
- 13 Sugar bin fills from top
- 14 Sugar scoop
- 15 Aluminum sliding table won't rust, won't warp
- 16 Cutlery drawer
- 17 Linen drawer
- 18 Metal bread and cake box mouse proof, dust proof

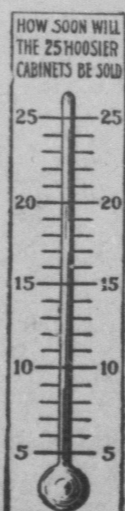

Women say of the Hoosier, "It saves miles of steps for tired feet!" "My silent servant!" "I have had mine since I began housekeeping and like it better every day!" "The most perfect cabinet I ever saw!" "It hands things to me like an automatic servant." "I wouldn't trade mine for \$100!"

### Here is the Hoosier Club Plan in Detail

In most cities the Hoosier Club is limited to 15 members. So many women in Rushville wanted Hoosiers, however, that we secured a special commission to organize a club of 25. Each lady who enrolls her name and membership fee of \$1.00 before the club is filled is entitled to receive her Hoosier Cabinet, (exactly like cut) immediately, no matter where you live, balance payable in small weekly dues of \$1.00.

If you desire to join the club now, and have your cabinet delivered later, you may do so. You also have the privilege of joining the Club and having the Cabinet delivered to anyone you desire, as your gift.

## AMUSEMENTS

The Princess offers the usual two pictures tonight. "The Princess of the Hills" is a Kalem picture telling a beautiful romance of California. The other picture is a powerful Edison drama, "The Passing of J. B. Randall & Co." It is a story of high finance with a love story attached.

The second of the D. A. R. benefit shows will be given at the Portola tonight. Special music and three reels of pictures are on the program. "For the Cause of the South" is a stirring Edison war drama. "Walk—You Walk" is the title of a Kalem comedy. The last picture is a Vitagraph production entitled "A Timely Rescue." It is a story of the Boer war. The benefit last night was attended by large crowds and the pictures were exceptionally good. Dwight VanOsdol gave a cornet solo, which was highly appreciated.

The Palace will have a special program tonight, the occasion being the Easter opening. Each woman will be presented with flowers. "After Many Years," an Imp drama, deals with the life of two brothers, one with a strong character and good business judgment, and the other with musical tendencies, and a very weak will power. They are separated in life; one is successful and the other a failure. They are brought together in a very novel way. "Widow Winks," a Nestor, is a character farce comedy. It has to do with the pranks the widow's son plays on her decrepid lover. It is a roughhouse picture and never drags. The other picture shows scenes from the Equitable life building fire in New York a few months ago, in which \$18,000,000 was lost. It is very realistic. J. Walter Wilson will render the solos.

John F. Kirk and others brought a partition suit in circuit court Friday against Mary E. Kirk.

B. F. Miller was appointed administrator of the estate of Elza Brooks by the clerk of the court today.

Joseph Ortman, Sr., filed suit in circuit court today against Henry H. and Luan Richardson, on a note to foreclose a mortgage, demanding \$850.

## WOMAN PAINFULLY BURNED

Gas in Oven Ignites, Badly Injuring Mrs. Henry Mozingo.

Mrs. Henry Mozingo of near Milroy was seriously burned about the face and hands yesterday as a result of a gas explosion. Mrs. Mozingo started to put a cake in the oven, and the escaping gas which had collected, was ignited and caused an explosion. A Milroy physician was called and dressed her injuries. The most serious burns were on her face. They live on the Kincaid farm.

Mr. H. M. Winkler, 228 Huston Ave., Evansville, Ind., says he was cured of a severe case of kidney trouble through Foley Kidney Pills. I took Foley Kidney Pills and now I am perfectly well and feel like a new man." F. B. Johnson & Co.

## Buy Your Buggy From the Man Who Looks After the Small Details That Are So Essential In the Construction of a COMPLETE BUGGY.

Most dealers when placing the specifications for their buggies, leave off many of the things that are needed on a vehicle to make it wear and look well, and by doing this save quite a little in the cost of the vehicle increase their profit. Our orders to the manufacturers of our vehicles is to place everything on them that will make them better. By doing this we intend to give you a vehicle that will give you such satisfaction you will tell your friends and by your statement get them to place their business with us. To do this we must give you a vehicle that will give you satisfactory service, and don't forget that we do this and guarantee you the service you pay for and see that you get it. We want your business and we are ready to take care of it.

## QUIET IN REAL ESTATE CIRCLES

Sales For Last Two Weeks Amount to Only \$16,818.34, Which is Below Average.

THEY HAVE REACHED \$50,000

Most Transactions Are For City and Town Lots—Few Farms Are Sold.

Real estate business in Rush county for the last two weeks has been very dull, according to the transfers for that period. The total amount of money involved in the transactions amounted to only \$16,818.34. In previous two-week periods the sales have climbed to some over fifty thousand dollars.

There were very few farms sold during this time. Most of the transfers are for lots both in Rushville and in small towns over the county. The largest single transaction involved only \$3500. The following is a list of the transfers:

John P. Frazee and wife to Carl Crews, lot 8 in McMahan & Foster's addition to Rushville, \$485.

Chas. E. Rich and wife to Oliver E. Rich, 80 acres in Washington township, \$1 and partition.

Oliver E. Rich and wife to Charles E. Rich, 60 acres in Washington township, \$1 and partition.

Coralinn G. Hubbard and husband to Abraham L. Gary, undivided one-sixth of 40 acres in Posey township, \$633.34.

Clarence Price and wife to Alice Naden, west one-half of lot 23 in G. C. Clark's addition to Rushville, \$350.

Alfred Cregar et al to Emma Cregar, undivided five-ninths of two-thirds of 5 acres in Union township, \$650.

## MAY PROVE FATAL

When Will Rushville People Learn the Importance of It?

Backache is only a simple thing at first;

But when you know 'tis from the kidneys;

That serious kidney troubles follow;

That dropsy Bright's disease may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Rushville citizen.

George Priest, 223 West Third St., Rushville, Ind., says: "I was bothered by attacks of kidney trouble for several years and as time passed my condition became worse. There was a dull pain directly over my kidneys and I had spells of dizziness and weakness. My sight often became blurred and I knew that something must be done. Three years ago Doan's Kidney Pills were brought to my attention and were so highly recommended that I got a box at F. B. Johnson & Co.'s Drug Store. They proved to be the best kidney medicine I had ever taken and in a short time had relieved me. On several occasions during the past three years, I have taken Doan's Kidney Pills and they have always given entire satisfaction."

## THIS SITUATION IS COMPLICATED

Michigan Republicans at Sea Over Delegation.

## THE TAFT-TEDDY FEUD RAGES

When Convention Assembled at Bay City There Were Two Well Defined Organizations Contending For Domination and Amid Scenes of Wildest Disorder Both Succeeded in Staying to the Limit of the Proceedings.

Bay City, Mich., April 12.—Practically the whole of yesterday's session of the Republican state convention was so fraught with wild noises that not any person in the hall could do more than guess what transpired without asking the convention directors. Taft and Roosevelt men rushed at each other with livid faces and a free for all fight was only prevented by the presence of the militia and police.

Out of the pandemonium was made national history. Two complete delegations to the national convention, one for Roosevelt, the other for Taft, were chosen. Two conventions strove for possession of the same hall, and both succeeded in staying to the limit of the proceedings it had mapped out.

Judging from the usually accepted criterion, which convention is vouched for by the chairman of the party organization, the Roosevelt convention seems to have been the regular and the Taft convention the rump. The situation is complicated, however, by the fact that while State Chairman Knox and ten members of the state central committee contended from the Roosevelt side, a majority of that committee, numbering seventeen, were sponsors at the Taft meeting.

The big fight of the convention was to get Wayne's delegation into the hall. The Taft men had the sergeant-at-arms, and he finally prevailed. Every Roosevelt man from Wayne was barred out. Only Taft men were admitted. There was no test of votes in the convention. Roosevelt men claimed to have about 800 delegates with the Roosevelt delegation from Wayne. The Taft people claimed 850, also counting their men from Wayne. With the Roosevelt men from Wayne barred out of the hall, the Taft men easily must have controlled.

State Chairman Knox presided in the opening Roosevelt meeting. He called for the election of a temporary chairman and Speaker Herbert F. Baker of the house of representatives was elected by the Roosevelt delegates, the Taft men meanwhile giving their attention to the Taft convention at the other side of the hall. Mr. Baker proceeded to recognize various of the Roosevelt leaders, each with a prepared motion, and the Roosevelt convention proceeded to the election of committees and the framing of reports. Then it went ahead with the election of six delegates to the Chicago convention.

Amid a scene of wild disorder created when the state convention opened, W. D. Gordon of Midland, a Roosevelt delegate, was thrown headlong off the platform by Jack F. Cremer of Marquette, Taft worker, when he leaped to the stage and attempted to address the convention. Gordon tumbled over the speaker's table and landed on his head on the floor, overturning a dozen busily writing newspaper men. A dozen of his friends jumped to the stage and pulled Cremer to the floor, but he was immediately surrounded by a number of his own friends, who kept Gordon partisans from beating him.

Policemen and militiamen at this juncture took charge of the stage and the front of the hall and forced back more than a hundred men who were clamoring to engage in the fight. Shouting, cursing, pushing and rushing back and forth, the delegates put the convention in a turmoil and all attempts to quiet them seemed useless. Policemen brandishing their clubs filled the stage. Chairman Knox tried in vain to make his voice heard above the chaos. Former Senator Beveridge was on the platform when the fracas broke out. He was swept from his seat and two husky policemen stood guard over him until the row was over. Mayor George Ellis of Grand Rapids, who refused to show his credentials at the inner door, was thrown bodily out on the street.

When the Wayne county Taft delegation attempted to enter the convention hall, they were met by a squad of national guardsmen, who refused to allow them to enter.

## DEATH CLAIMS GENERAL GRANT

Sudden Attack of Heart Disease Proves Fatal.

## CAME WITHOUT PREMONITION

Retiring at 9 O'clock at His Hotel in New York, Apparently Better Than For Several Weeks, General Fred Dent Grant Was Dead at Midnight of Attack to Which He Succumbed Before Physicians Could Reach Him.

New York, April 12.—After retiring at 9 o'clock apparently in better condition than for several weeks, Major General Frederick Dent Grant died suddenly of heart failure, without premonition, at the Buckingham hotel at midnight last night. He had returned from his recent trip to Florida much improved and looking remarkably well and vigorous. His medical condition since his return had given no special anxiety to his physician, who had been with him during the afternoon and had congratulated him on his good health.

He expressed himself as rejoiced at his renewed strength. General Grant had been suffering from diabetes and its attendant digestive disturbances, which seemed under perfect control. This sudden fatal termination came as a great surprise. His wife and nurse were with him at the time, and the physicians, who were called at once, found that the heart had stopped instantly. It is said that General Grant recently had been operated on for a cancerous growth at the base of the tongue.

General Grant was the eldest son of President Ulysses S. Grant, and was born at St. Louis, Mo., May 30, 1850. The family came from New England, where Matthew Grant settled at Windsor, Conn., in 1635. President Grant's grandfather moved to western Pennsylvania soon after the revolution. President Grant had four children, Frederick D., Ulysses S. Jr., a lawyer of San Diego, Cal.; Jesse R., of New York, and Mrs. Nellie Grant Sartoris.

Frederick D. Grant was with his father in the latter part of the civil war, serving as voluntary aide and dispatch bearer to General Grant.

As soon as he was old enough he was appointed to the military academy at West Point from New York and was graduated and commissioned a second lieutenant on June 12, 1871, being detailed to the Fourth United States cavalry. With this command he spent two years in Indian fighting on the frontier. He became first lieutenant on June 28, 1876, and meanwhile, in 1873, he had been appointed aide-de-camp to Lieutenant General Philip H. Sheridan, with the rank of lieutenant colonel. In his early western days he was employed also as engineer in the construction of the Union Pacific and Colorado Central railways. On June 1, 1881, Lieutenant Colonel Grant resigned from the service after spending the greater part of his time on the frontier.

After leaving the army Lieutenant Colonel Grant spent much of his time at the home of his mother in New York. He was constantly at his father's side during the illness which took General Grant's life, and after his father's death took charge of the family affairs. In 1885 President Harrison appointed him minister to Austria, and from 1894 to 1898 he was one of the police commissioners of New York.

When the Spanish war began General Grant was appointed colonel of the Fourteenth New York infantry, and later became brigadier general of volunteers. He served in the Porto Rican campaign and after the war commanded the military district of Porto Rico. On April 15, 1899, he was honorably discharged and on the same day was reappointed, with the same rank, and served from April to the following January as a brigade commander in the Philippines. Then he was brought back to take command of the department of Texas. In 1904 he was for several months in command of the department of the lakes, and then was for four years commander of the department of the east, returning again to that, his present, post as successor to General Leonard Wood.

General Grant was married on Oct. 20, 1874, to Ida M. Honore of Chicago. They have two children, Lieutenant Ulysses S. Grant third, now stationed in Washington, and the Princess Michael Cantacuzene-Speransky, who was Miss Julia Dent Grant. Mrs. Frederick D. Grant is a sister of Mrs. Potter Palmer of Chicago.

## 50,686 ARE IN PUBLIC OFFICE

That Number On Peoples' Pay Roll In Indiana.

### SOME INTERESTING FIGURES

For information of Civil Service Commission State Board of Accounts Has Compiled Statement Showing That Nearly 2 Per Cent of Total Population of State Is Engaged in One Form or Another of Public Service.

Indianapolis, April 12.—According to figures transmitted by Governor Marshall to the United States civil service commission, nearly 2 per cent of the total population of the state is on the public payroll. The figures were compiled by the state board of accounts at the request of the governor, on receipt of a request for the information from the commission headquarters in Washington.

The figures showed 50,686 persons in the state in public office, either as officials of employees. With the exception of some of the town councilmen and school trustees, all are paid. Some of the paid officials, too, draw merely nominal salaries. The total is distributed as follows: In the state government, 5,694; in county governments, 9,867; in township governments, 5,445; in the public schools, as superintendents, teachers or employees, 17,305; in city or town governments, 12,375. The figures also showed 640,141 men in the state subject to call for military service.

The report set out in detail the following concerning persons employed, the various phases of state, county, township, school and municipal governments:

State Offices and Courts—Officers, 94; employees, 355; circuit court judges, 63; prosecuting attorneys, 63; superior court judges, 16. Total, 591. Charitable and correctional institutions, 1,937.

Educational Institutions—Trustees, 22; officers, 19; instructors, 534; office employees, 56; other employees, 131. Total, 762.

State Militia—Officers, 191; enlisted men, 2,213. Total, 2,404.

County Governments—Officers, 1,582; office employees, 1,220; all other county employees, 7,065. Total, 9,867.

Township Governments—Township trustees, 1,016; road supervisors, 3,681; other township employees, 748. Total, 5,445.

Superintendents and teachers in public schools, 17,305.

Incorporated Cities and Towns—Mayors, 97; clerks, 454; treasurers, 453; controllers, 16; city judges, 10; city and town attorneys, 171; police departments, 1,292; fire departments, 2,367; engineers, 206; boards of public works, 31; boards of public safety, 57; park commissioners and employees, 335; councilmen, 366; street commissioners and employees, 1,214; cemetery employees, 153; school trustees, 930; town trustees, 1,270; water works superintendents and employees, 376; electric light superintendents and employees, 374; public library employees, 504; health officers, 887; all other employees, 813; total, 12,375.

## DIDN'T CARRY OUT THREATS TO BOLT

Kentucky Republicans Close Convention Harmoniously.

Louisville, Ky., April 12.—The state Republican convention closed with the election of four delegates-at-large, alternates and the electors, without the threatened bolt on the part of the Roosevelt faction, and Mr. Taft will have twenty-three instructed votes in the national convention in Chicago, while one from the Fifth congressional district and two from the Eleventh will support the former president. The four delegates-at-large from Kentucky are:

United States Senator W. O. Bradley, Judge James G. Breathitt, Hopkinsville; W. D. Cochran, Maysville; J. Edward Wood, a negro preacher from Danville.

It was decided best by the Roosevelt men that a bolt would do no good, though Clayton B. Blakey, city attorney of Louisville, a Roosevelt leader, made a minority report regarding the report of the committee on credentials, and asked that the twenty-eight contested counties be added to the Roosevelt column. By a vote of 1,722 to 634 the minority report was defeated. The majority report of the committee, which gave seventeen counties to Taft and six to Roosevelt, was adopted by a vote of 1,372 to 254.

In his minority report Attorney Blakey charged the Taft people with importing voters from Ohio and West Virginia to participate in the county conventions and that the county convention officers, who were for Taft, allowed them to vote. Much feeling was shown during the reading of the report. He also declared the Taft men for not recognizing the Roosevelt supporters in the county conventions.

## EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop it in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

Gas fitting and plumbing of all kinds. All work guaranteed. John Mack, 331 West Third. Phone 1236.

## WHAT IS USE OF SHIPPING SOUTH

Rushville Fast Horse Men Have Been Training at Riverside Mile Track For a Week.

NEW ONES ARRIVE EVERY DAY

Over 100 Horses Are Being Jogged Here Daily—Activity of Various Trainers.

Nothing is a surer sign of spring than fast horses. Within the last week they have been coming out by tens and twenties. It is impossible to walk down any principal street in the city these fine days without seeing a trainer with a seasoned pacer or trotter, or a fractious colt which is just becoming acquainted with the harness and break cart.

Some 100 horses are being jogged here daily. About sixty are quartered at Riverside Park, the remainder being at the fair ground, the Posey Stock Farm, or the stables in the city. Clyde Nebro has several green trotters and pacers, his record horses being Alation, 2:12 1/4, and Martin Kelly, 2:14 1/4.

Scott Brannum is working twelve or fifteen head at the fair grounds, mostly green ones. Mike Kelly has some ten head of good prospects with trial from 2:20 to 2:30 in training. The Posey Stock Farm is now managed by Ab Denning, who has in his charge Western Horseman, 2:24 1/4.

Fred and Clayton Dagler have the track and barns for training purposes and have several green ones. Ess H. Kay and Admiral Red are their two stallions in service.

Harrie Jones has thirty-nine head in training, some of which are green ones. Others are horses with fast trials and a number of others are fast record horses. It looks as though he would have the best stable yet.

Silas Hare, a trotter by Prodigal, owned by James Ahern, Greenville, Mich., Sherman Morgan, green trotter, owned by E. E. Seigner, Roann, Ind., Empire Candidate, 2:26, trotting, and Empire Maid (3) 2:30, trotting, owned by William Gerst, Nashville, Tenn., are some of the recent additions to the stables of Harrie Jones.

The pacing mare, Blanch Patch, 2:17 1/4, owned by R. W. Chenoweth, Otterbein, Ind., has been sent to Mr. Jones also. This mare raced over two lapped tracks last season and showed her ability to go miles close to 2:12.

Clell Maple is remarkably strong in three-year-olds, having five already in the stable, and three yet to come. In addition to these he has several aged horses, and it is said that the mare, Lady Posey, 2:15 1/4, which has been in 2:09 in a race, will be added to his stable very shortly.

William Gerst of Nashville, Tenn., has sent to Clell Maple the handsome brood mare, Clara Milton, by Wilask, dam Miss Conley, by Constantine, second dam by Empire Queen, 2:08 1/4, to be mated with the handsome young stallion, Dale Axworthy.

The Riverside Park mile track owned by Harrie Jones, has been put in shape and active training begun on it a week ago. Harrie says: "This is the first mile track in the North I have ever heard on which work has begun. Say, what is the use of shipping South?"

### LOCAL DELEGATES.

The tenth district of the Indiana Missionary Association of the Christian churches was held in the Brookville Christian church Tuesday and Wednesday of this week. This district is composed of Rush, Fayette, Franklin and Union counties. Delegates representing the Christian churches of the district were present.

### ENCOURAGEMENT IS ALL.

Kokomo Tribune: If the women of Kokomo will give him encouragement, and he believes that they will, Dr. Will J. Martin, city health officer, is going to call Wednesday, May 1, "clean up day" in Kokomo.

## PROSPECTS FOR BASE BALL TEAM

F. A. Maibaugh Will Organize One if Given Proper Encouragement by Merchants of the City.

WOULD ERECT GRAND STAND

Plans to Use Old South Main Street Grounds—Material Here For Winning Team.

That Rushville would support a good base ball team and is deserving one, is the opinion of F. A. Maibaugh of the firm of Maibaugh and Walker, owners of the Arcade pool room. Mr. Maibaugh believes this city should have a ball team and if he is given reasonable encouragement one will be organized.

From the material here it is thought a winning team could be put in the field. The greatest difficulty is getting started. It is understood that the old South Main street ball

grounds can be secured. With this assured the next step would be to erect a grand stand and equip the park. To do this means an expenditure of considerable money. Mr. Maibaugh does not feel like undertaking the task single handed but is willing to finance and manage the team after the start is made.

It is pointed out that a base ball team is a good advertisement for a city and Rushville would be benefited by maintaining a team. It has been many years since Rushville had a good ball team and the prospects of organizing a team is looked upon favorably by a large number of fans. Mr. Maibaugh plans to call upon the merchants soon and obtain their opinion on the proposition. If the project is a go the team will play both Sunday and week-day games. Mr. Maibaugh has had letters already from Muncie and the Nebraska Indians asking for games and only the best teams will be played.

It has been a good many years since Rushville had the base ball material that is here this spring. The players include a number of local boys, who have played the game a number of years and have the experience. The men who favor forming a team say there is little doubt but what the game would pay as Rushville is "base ball hungry." The local fans are loyal followers of the Indianapolis team and it is said a

team here could draw almost all of that patronage. Mr. Maibaugh does not wish to take hold of the proposition unless he is sure of success and can give this city a first class team. At present the prospects are very bright and it may be only a question of a few weeks until the old familiar sound of "play ball" will be heard once more in South Main street.

The Plum Creek Aid Society will hold a market in the J. B. Morris hardware store Saturday, April 13. 25t2
